The Art of Outdoor®

The Grid

Our largest full-motion Large Format network for Digital Out of Home (DOOH).

With a total of **39** screens, in shopping malls, train stations and city centres in Swedens largest cities, we offer you a unbeatable opportunity to reach your target audience in a way that really matters.

Research shows that large format advertising have a unique way of grabbing peoples attention and enhance strong memory encoding.

According to Oceans research, Neuroscience, these screens can create memory encoding on levels as high as TV, making your brand not just visible, but also memorable.

The Curve @Westfield Täby Centrum

The Grid

The Eyes, Konserthuset, Stockholm

Advertising on large format screens, enhances the effect of other media. Studies show that being exposed to a DOOH screen creates a priming effect, making you more likely to engage once you see the ad again in other media channels, such as online or on a mobile.

The visual strength and flexibility in our screens, let's you customize your campaign to fit the time of day, the location and more. All with maximal impact.

With The Grid you will reach, not just the innercity pulse, but also your audience heart. Do you want your brand to become a part of the city's soul and make a long term impact, then The Grid is it.

The Grid - Key features

Triangeln - Impact, Malmö

The Grid is Ocean Outdoor's exclusive big city network, offering premium digital large format screens.

With high-tech full motion screens in popular environments, you can create a visual experience that truly pops out and engages.

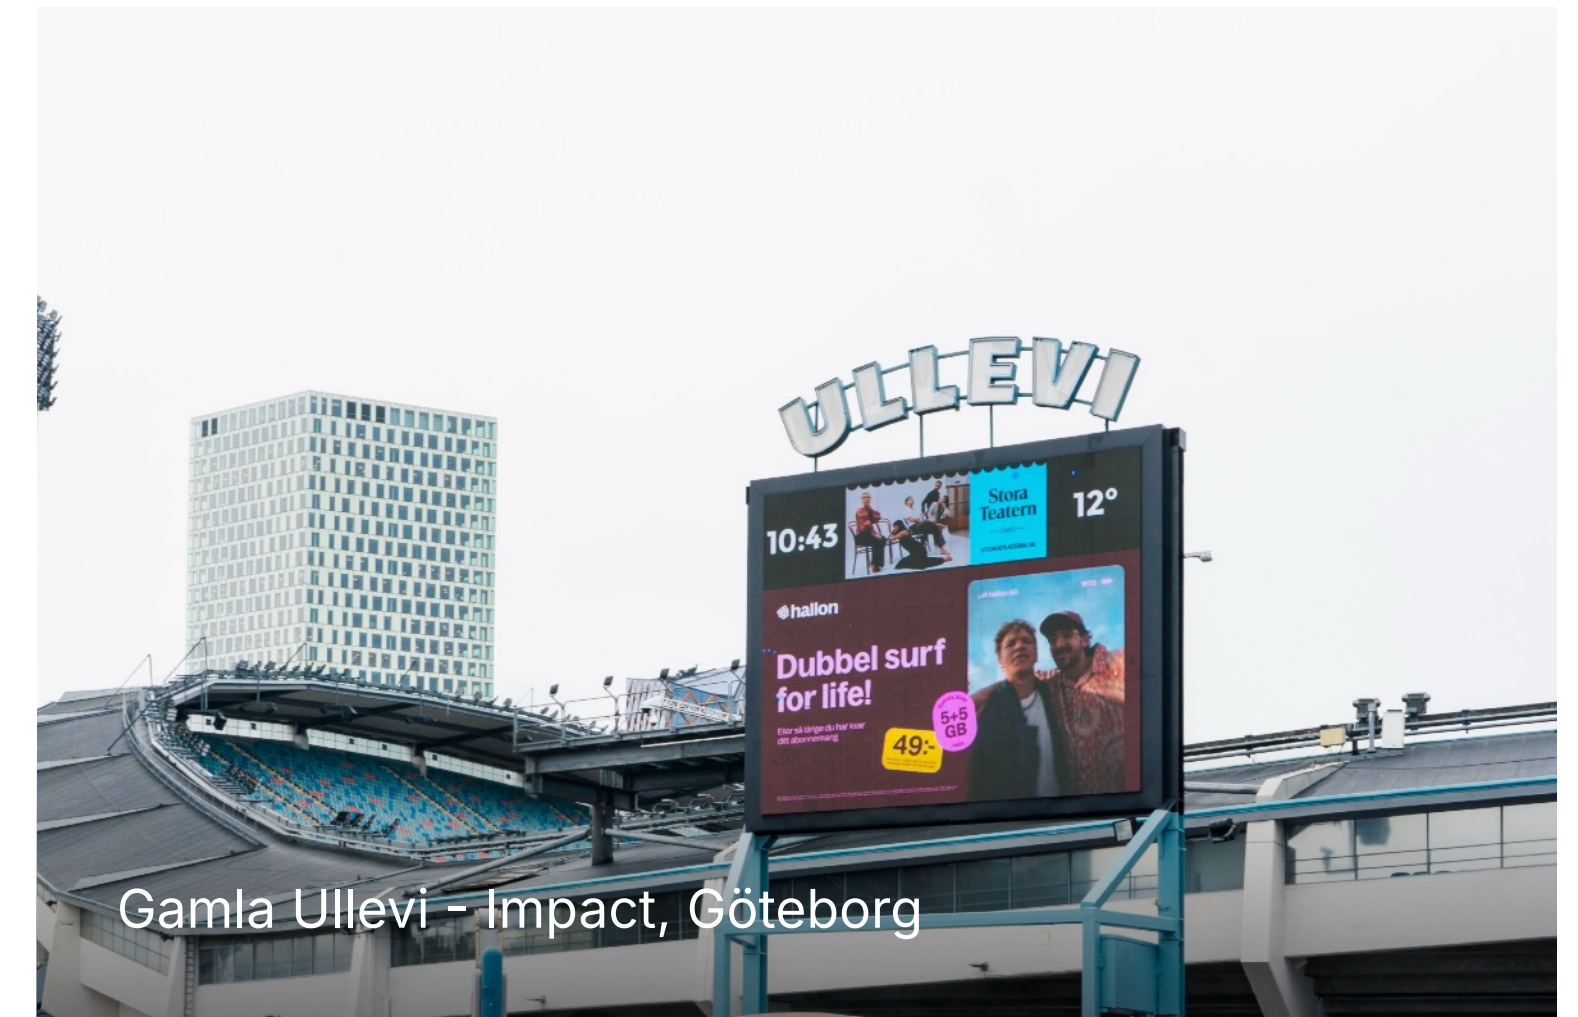

Stockholm Mall of Scandinavia - Impact

Why choose Large Format and The Grid?

Maximum impact: Studies from Demoskop shows that these screens enhances observation and the campaigns effect.

Emotional engagement: Neuroscience confirms that messages shown on our screens, creates strong emotions within the target audience.

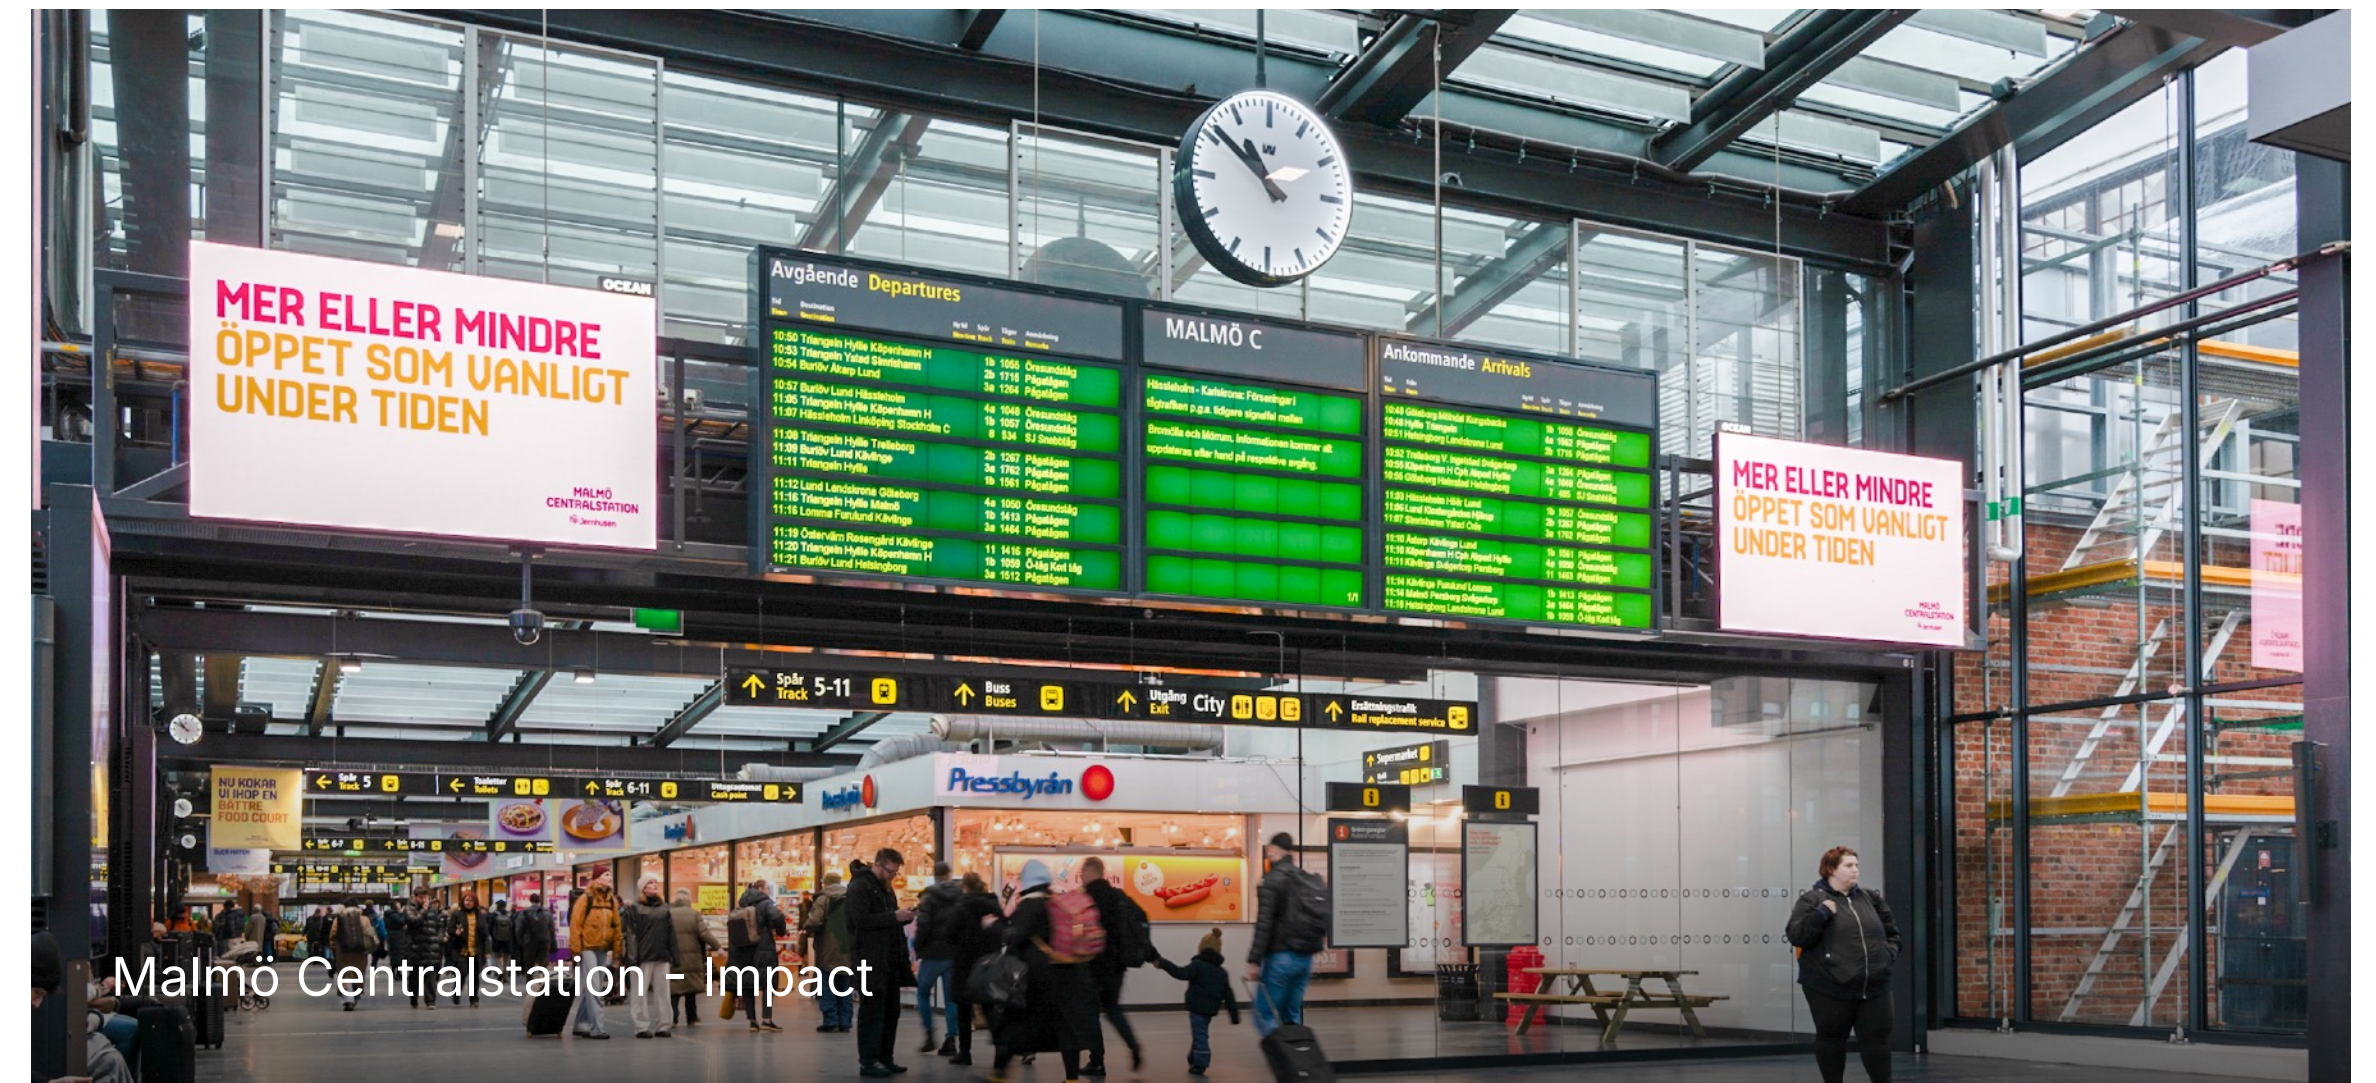

Gamla Ullevi - Impact, Göteborg
