Are you looking to reach potential customers traveling by foot in central Stockholm?

All over Stockholm on street level, we are offering **20** Eurosize screens. Strategically placed in places with high footfall.

Stockholm City

At very central places in Stockholm City, such as Birger Jarlsgatan, Sveavägen, Odenplan, Götgatan, Karlavägen and Fridhemsplan we have placed our screens, making sure to reach the urban audience. With its well known clock on top of the screen, our Stockholm City screens have been a part of the Stockholm city image for many years.

On top of delivering high reach in central Stockholm, this series is also very useful for creative solutions, to add attention and engagement to your campaign.
